Love Letters from Our Wedding Clients

Hannah is the best! She took the stress out of our wedding day and reminded me when I needed to book things (even things I didn't know I needed to book haha). We met her multiple times before the wedding to chat about decor and themes etc, and then she was onsite on the wedding day for 10 hrs to make sure our dream wedding came true and everything was perfect! - Cat & Mark, July 2023

Hannah and her assistant were wonderful. Hannah was so attentive, responsive, professional, and kind. Thank you for your team's efforts in making our wedding so amazing! You provided us with such an amazing event. We will always celebrate this incredible weekend! Definitely hire Hannah! The whole day was planned out perfectly. - Kate & Chris, April 2023

Hannah and Christina were probably the only reasons our wedding day went so smoothly! We worked with Hannah very closely for the few months leading up to our wedding and appreciated all of her advice because it made the day so much better. From florals to scheduling to decor, Hannah helped everything happen smoothly and honestly I don't know how I could have coordinated it all without her. - Daniella & Connor, June 2022

We loved working with Hannah throughout our wedding planning process. As two busy professionals, her services were absolutely necessary. She was with us every step of the way to executing our perfect day. We appreciated how responsive & organized she was! She has a superior attention to detail & creativity. Our wedding wouldn't have been the same without her. - Virginia & Bryce, August 2023
